"In these economic times, quality early childhood education is more important than ever so working families can stay productive and we can prepare our kids for the next generation of opportunities," says Dr. Steven Brier, Executive Director of the Little Dolphin School. "We want people to know that Little Dolphin School continues to be a part of the solution with an unparalleled early childhood education program encompassing early literacy, numeracy and the arts. We are also proud that our community is noticing and that we are consistently outperforming our peers in terms of enrollment growth and parent/family satisfaction."

Little Dolphin School operates high-quality, non-profit early childhood education centers in Scarborough and Westbrook.
